## Food Processing Hose with Microban® Technology

A cleaner way to do business

**Continental**   
The Future in Motion

[www.SummersRubber.com](http://www.SummersRubber.com)

**Benefits of Microban® Technology in the Cover**

- › Experience more protection and boost product safety.
- › Guard against hose degradation and contamination.
- › Prevent growth of bacteria, mold and mildew.
- › Around-the-clock permanent antimicrobial product protection.
- › Keep hoses cleaner between uses.

Microban® is a registered trademark of Microban Products Company.

This information is based upon standard laboratory tests and is provided for comparative purposes to substantiate antimicrobial activity for non-public health applications. Microban® technology is not designed to replace good hygiene practices or protect users from disease-causing microorganisms. Antimicrobial action is limited to product surface.

• Green indicates bacteria

**ExtremeFlex™ Beverage** with Microban® Technology

Suited for applications requiring flexible and/or tight bend connections, ExtremeFlex Beverage is lightweight, flexible and easy to handle. Its chlorobutyl tube doesn't impart taste or smell, making it ideal for beer, wine, distillery and beverage (edible liquid) transfer processing facilities.

- › Tube: White Chlorobutyl rubber; Meets FDA, USDA & 3-A Sanitary Standard 18-03 Certificate #3737
- › Cover: Corrugated red EPDM with Microban® Technology
- › Reinforcement: Spiral-plyed fabrics with double galvanized helix wire
- › Order code: 549-004

**Vintner™** with Microban® Technology

A crush-resistant alternative to traditional softwall or steel wire reinforced hoses, Vintner's innovative construction allows it to spring back to shape when crushed. Ideal for the handling of in-plant and/or tank truck transfer of wine, beer, potable water and other non-oily, liquid foodstuffs.

- › Tube: White Chlorobutyl rubber; Meets FDA, USDA & 3-A Sanitary Standard 18-03 Certificate #3737
- › Cover: Red EPDM synthetic rubber with Microban® Technology
- › Reinforcement: Spiral-plyed synthetic fabric with monofilament helix
- › Order code: 549-009

## Blue Fortress 300 with Microban® Technology

Featuring a super abrasion and oil-resistant cover, Fortress provides maximum protection against the adverse effects of oil and animal fats. Its high-quality construction is ideal for hot water up to 210°F (99°C) cleanup service in food processing plants, dairies, packing houses, bottling plants, breweries, canneries and creameries.

- › Tube: White Nitrile tube made with FDA compliant materials
- › Cover: Blue Carbryn™ synthetic rubber, RMA Class A (High Oil Resistance) with Microban® Technology
- › Reinforcement: Spiral synthetic yarn
